

The second webcast by researcher and clinician, Dr. Swati Sathe a member of the cureCADASIL Scientific Advisory Board, focuses on CADASIL and migraines and is now available on our [website!](#)

## [Karla's CADASIL story from Brazil](#)

Karla is a 42-year-old administrative manager of a luxury residential condominium complex in Brazil who has been living with CADASIL for almost two decades. It took her doctors many years and many incorrect diagnosis to find this rare disease. [Read more on our website.](#)
